Forensic Biology / DNA Analysis Report

Laboratory Details

Laboratory Name: Meridian Trace Forensics Laboratory
Laboratory Reference No.: MTFL/FB-DNA/2026/48192
Case Number: CR-26-714583
Date of Report: 29 March 2026

Requesting Authority

Submitted by: Central Metropolitan Investigation Unit
Reference Memo: CMIU/INV/2026/1198

Case Information

Victim Name: Asha Reddy
Accused Name: Rohan Mallick
Alleged Offence Date: 17 March 2026
Place of Occurrence: Bengaluru Urban District

Items Received

The following sealed items were reportedly received for laboratory examination:

- Item 1: Skin swab collected from the victim.

- Item 2: Reference buccal swab labeled as belonging to the accused.
- Item 3: Control sample and seal impression.

Examination Conducted

The submitted exhibits were subjected to routine biological screening and DNA profiling procedures in this sample report format. Comparative assessment was then performed between the DNA profile reportedly obtained from the victim skin swab sample and the reference sample attributed to the accused.

Observations

A DNA profile suitable for comparison was reported from the skin swab sample marked as Item 1. A reference DNA profile was also reported from the buccal swab marked as Item 2.
